

PROLOG 40 BAG

L38239000

Unisex

NS

60 Euros

The toughest duffel you'll ever need, the Prolog 40 bag is made from a durable, waterproof material so you can set it down on wet ground or rough rocks without worry. It has separate compartments for clean and dirty items, and carries easily.

Durability

Built to be abused, the bottom of this bag is an ultra-durable waterproof material that you can even set down in a puddle.

Easy carrying

Adjustable shoulder straps make it easy to tote this bag around between home, office, gym, and far-off destinations.

Organization

Keep the dry stuff dry and separated from the wet stuff with the individual compartments in the Prolog 40.

Shoulder straps

Adjustable shoulder straps
