L39848300

Fly freely down technical trails with the precise fit, smooth ride and waterproof protection of WINGS FLYTE 2 GTX®.

Comfortable Foothold

Quicklace™ and a re-reinforced Sensifit™ work together to hug your foot comfortably, inspiring confidence when you push the limit on technical trails.

Cushioning

Technical, rugged trails don't have to mean sore feet. A carefully tuned, two-piece midsole creates the right level of underfoot softness no matter how rough the surface gets.

Descent Control

(Rear foot) – A series of grip, fit, and protective technologies work together to create a downhill running advantage.
