L39844700

It's time to get off the beaten track. The XA ENDURO shoe is designed to hug and stabilize your feet on hard-core mountain terrain. It keeps the grit out. Who needs trails? The mountain is all yours; play with it, run all over it.

Stability

No twists or slip-ups in this story. The Advanced chassis is designed for a strong stable heel.

Protection inside and out

An integrated gaiter: it makes sense! The grit stays under your soles, not in your shoes.

Grip

A steady stride, even on the wettest ground. Inspired by SLAB XA ALPINE outsole, Contagrip® with Premium Wet Traction rubber is more than a technology, it's a mentality. You can simply ignore slippery terrain and charge ahead.
