

## X ULTRA MID WINTER CS WP

L40479500

Men

6.5 → 12.5

530 g / 8.5

Move quickly through a winter landscape with the X ULTRA MID WINTER CS WP. Built with the fit and comfort of a trail running shoe, but boosted with winter warmth and protection, this mid height shoe is ready for fast missions through snowy wonderlands.

### Stability

The X Ultra bottom unit combines a stable yet agile Advanced Chassis with the confident traction of Contagrip.

### Winter hiking features

The molded heel pad offers snowshoe protection, and a gaiter hook is convenient for the deeper snow missions.

### Winter comfort

Thinsulate™ insulation provides enough insulation for snowy, cold conditions. A PU coated leather upper helps keep the elements out and improves durability.

### outsole

Non marking Winter Contagrip®
