## Contagrip® MA

Contagrip® MA is built for the widest variety of surfaces. It balances both the geometry and the compound to deliver confidence on wet, dry, hard or loose surfaces, and offer long-term durability.

## Vibe™

Vibe Technology is the combination of EnergyCell™+, Opal, a unique assembly that works as a system to attenuate vibrations and reduce a potentially harmful load to the body, while delivering a responsive ride.

## GORE-TEX® Invisible Fit

A unique assembly process builds the membrane into the components so the shoe feels like a regular mesh shoe. GTX® with Invisible Fit technology makes shoes lighter, more flexible, and quieter than regular GTX® bootie construction.
